General Requirements for Events

These General Requirements apply to all competitions and exhibitions ('events') organised by the Association (CACC), and are supplemented by the Media Requirements, the Awards list, and the Requirements for each individual event.

The CACC Committee can make changes or decisions at their discretion for the effective running of events, and normally delegates this to an individual event organiser.

CACC events are open to all Clubs in CACC, and to the members within those Clubs.

To participate, Clubs must submit an entry by the date published in the Event Calendar. Clubs must comply with the specific Requirements of each event, and with the administrative arrangements set out by the event organiser.

By entering, the Photographer consents to the retention and onward use by CACC of information identifying the Photographer as the creator of an Image. Where a Club is the Entrant on behalf of multiple Photographers, then the Entrant warrants that each Photographer has consented to the retention and onward use of identifying information as if the Photographer had entered in person.

CACC will take all reasonable care in the handling of media (prints and digital), but cannot accept responsibility for loss, theft or damage.

The CACC may make free use of any image submitted to events eg, for publicity or catalogues, while respecting and citing the copyright of the photographer.

Photographers

Photographers (Club members) may only enter CACC events via one Club in any season (September - August). Clubs are responsible for verifying their members' eligibility.

Images

Images (meaning the image content) entered into CACC events must be entirely the work of the photographer. In composite images all component images must meet this requirement. Altering the image file size eg, to match projection, converting the colour space of an image file, or printing of an image, may be done by another person or organisation, or by the Club when preparing the image for submission.

The use of 'copyright-free' or 'licence-free' images is not permitted. The CACC reserves the right to report evidence of plagiarism or breach of copyright to the Photographic Alliance, where action may be taken to bar individual photographers and, if necessary, to report onwards to other national and international photographic organisations.

The same image must NOT have been used in a previous year in the same CACC event. Images will be considered the same if the event organiser decides that they are not obviously dissimilar. Monochrome and colour versions of the same original are likely to be considered as the same image.
