
THE CHILTERN ASSOCIATION OF CAMERA CLUBS

Rosebowl Final Day. Sunday 22nd April 2018

Instructions for Finalists

Entries are required by Monday 2nd April

The Rosebowl Final

The general requirements for eligibility at the Final are published in the CACC Yearbook and copied on the CACC web site. Each Finalist Club is required to submit EIGHT images, with no more than TWO per author. Images must not have been used in any Rosebowl match or final in a previous competition year.

Method of Entry

Entries for this event must be submitted on-line via the CACC website. There is no 'paper' entry form.

Clubs without a web site account must request one using the contact form in the Entries section of the web site. Use of the account will reveal the entry form on the event page. The form will remain accessible until the closing date.

Instructions for using the on-line system are available on the web site. For each item, Clubs will need to provide the image file, the title, and the photographer's name.

Completed entries must be submitted on-line by the closing date of **Monday 2nd April**.

Image File Compliance

For image files:

- The data must be in RGB mode (even for monochrome images), and in the sRGB colour space.
- The maximum image size is 1600 pixels wide, and 1200 pixels high. Images must be sized within these dimensions or they will not upload.
- There are **no** prior requirements for the image file name. Any valid name is suitable.
- The file type must be jpg and quality 10 (80%) is sufficient.
- The file must be no larger than 2MB, or it will not upload.

The organisers will check that the image files are displayable using the competition software.

Incorrect colour space may alter the colour balance on display. Any failure to display as expected is at the risk of the non-compliant photographer and Club.

The organisers reserve the right to require submission of replacement files in the correct format and to any necessary timetable, with an alternative of disqualification of affected images.

Image Retention

All image files will be retained and considered for selection to the PAGB Inter-Federation Competition and Exhibitions held in June 2018. Clubs should advise the Inter-Federation Competitions Officer (contact details in the CACC Yearbook) of any images to be excluded from selection eg, by preference of the photographer, or because they are known to be ineligible.
